2009

About
Institute:

Transnational Knowledge society samiti was formed in December 2008 with the purpose of providing quality and social education in the field of Technical Education, Business Management, Industrial Education and Skill Development Programme. It began the journey of excellence in September 2009 and set a new milestone by establishing Acropolis Technical Campus, Indore now it is known as Shivajirao Kadam Institute of Technology and Management, Indore with the host of courses in Engineering and management streams. Shivajirao Kadam Institute of Technology and Management, Indore is not a part of crowd as we strongly believe that winners don't do different things, they do things differently... SKITM believes in giving something unique and perfect to the society. We always strive to do something innovative with our different teaching methodologies. To turn an aspiring student into a truly confident professional and a highly responsible citizen is our prime objective. Our vision is to become synonymous with quality education through academic excellence & innovation. We are committed at creating and sustaining the conditions that enable all our students to experience an unparalleled educational journey that is academically, socially and personally transformative. We educate and train students as per the requisites of Globalization so that they can become technically qualified & highly skilled professionals to meet future call outs. We also aim to inculcate research culture among our students, to transform India from developing to developed country. The Institute strives for producing the future nation builders with high skills, knowledge, expertise, and wisdom for better productivity and economic upliftment of the society & the country. "If we cannot change an event, we can atleast change our attitude towards that event." Mission SKITM stands right besides its mission with all its impressive facilities - facilities for the purpose of redefining the society by fostering quality engineering education i.e. Not just a degree, but an attitude of life. Not just education, but an ethic of earnings. Simultaneously inspiring the humane factor and assimilate the feel of one world. Above all not just hackneyed form of education, but a form that inspires to develop innovative technology.
