Department of Electronics and Communication Engineering

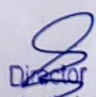

Expert Session on “ Research Area in Edge Devices for IoT Applications

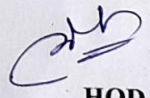

Date: 02/06/2021

Edge Devices can make the computation processes faster, optimized, and efficient in IoT Applications. Dr. Vaibhav Neema, Associate Professor, from Department of Electronics and Telecommunications Engineering, IET DAVV, Indore (M.P) addressed in an Expert Session on “Research area in Edge Devices for IoT Applications” organized by Shivajirao Kadam Institute of Technology and Management, Department of Electronics and Communication Engineering, on June 2, 2021. Architecture of IoT, Trends of Cloud Computing, Mobile and fog computing were discussed along with Edge Computing techniques. The reduction in computing can reduce the workloads on the various nodes and enables faster data processing. Total 100 participants registered around the globe. Ms. Sneha Nagar coordinated the event and Dr. Amit Udawat proposed vote of thanks.

Report on Expert Lecture on "Research Scope in Artificial Intelligence, Machine Learning and Deep Learning in Electronics Industries"

An Expert Lecture on "Research Scope in Artificial Intelligence, Machine Learning and Deep Learning in Electronics Industries" was conducted on September 28, 2020 in ECE department. Dr. Vaibhav Neema, Associate Professor in ECE department, IET, DAVV, Indore was the invited speaker of the program. He discussed about Research Scope in AI, Machine Learning, Deep Learning applications and IoT in Electronics Industry. He interacted with students regarding applications and benefits of above technologies in the society for various domains like industrial, medical, armed forces and many more. The lecture was attended by the students of 2nd year, 3rd year and 4th year along with faculty members. The program was coordinated by Prof. Nilesh Dubey.
