Expert Lecture Report

Name of the Expert: Ms. Kirti Panwar, Assistant Professor, School of Electronics, DAVV, Indore

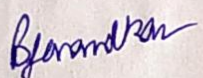

Topic: Designing of Sequential Digital Circuits and its application to digital designs

Students benefited: EC- IV Sem (A and B)

The department has conducted an expert lecture on "Designing of Sequential Digital Circuits and its application to digital designs" on 2nd May, 2017 for the students of IV semester A and B sections. The lecture started with the introduction of digital logic circuits to be composed of combinational and sequential circuits. Then, design of sequential logic circuits have been explained by taking exemplary design problems. Two design problems have been solved at length and the students are also made aware about the intricacies of design aspects of sequential logic circuits. The lecture concluded with the applications of them for designing expert digital logic systems.

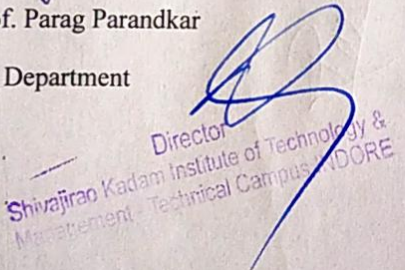

The students of IV semester appreciated the lecture and the design fundamentals explain therein. Prof. Parag Parandkar from EC department delivered vote of thanks and presented token of appreciation (memento) to the expert.

The snaps of the expert lecture along with attendance is attached.

REPORT

9th October to 12th October 2017

E-Cell conducted NEN WF100 entrepreneurship module for MBA students at Acropolis Technical Campus, Faculty of Management Studies from 9th Oct 2017 to 12th Oct 2017. Sessions were full of activities and learning by doing concept. Faculty members and experts from industry took the sessions. After the rigorous sessions of four days, students appeared in online test. Such modules are really worth and beneficial for students in terms of inculcating not only entrepreneurial mindset but developing the creative thinking as well. It was really a very fruitful module which ultimately will facilitate the students in learning about the dynamic world of entrepreneurship
