on

“IMPACT OF ARTIFICIAL INTELLIGENCE ON OUR LIFE”

Date: 07TH June 2021

Timing: 01:00PM

Faculty Coordinator
Ms. Deepika Chauhan

Conveners
Dr. Rashmi Yadav (HOD)

REPORT OF EXPERT TALK 07-06-2021

With the blessings of SKITM, having constant encouragements of our respected Management and Director, an online expert talk is conducted in order to enhance skills of the students & faculties, the department of Computer Science & Engineering, Department is hosting on the following schedule:

Director
Shivajirao Kadam Institute of Technology &
Management - Technical Campus, INDORE

Event: Expert Talk

Topic: Impact of Artificial Intelligence on Our Life

Date: June 07, 2021

Time: 01.00 Pm onwards

About the speaker:

Description: During this Expert talk, he shared the thoughts of how Artificial Intelligence makes an impact in our life. He also shared an idea about applying upcoming technologies in the projects and making new ideas. He motivated the participants in the way of improving thinking skills.

Program: For this expert talk, generate registration link using Microsoft Team. The link was circulated among students and faculties of CSE, EC, ME, CE and MBA Department. More than 70 participants, both Teaching Faculty Members and Students have participated in this talk.

Outcome: It will change how we relate to each other. I would argue that it will even change how we perceive what it means to be human. In today's scenario everyone is connected to AI and their applications. in this session we gain knowledge about AI their applications and applicability in real world

Message & Invitation

Shivajirao Kadam Institute of Technology and Management, Indore (M.P.)

Respected All,

Greetings of the Day!

Computer Science & Engineering Department, Shivajirao Kadam Institute of Technology & Management, Indore

Proudly Presents

Live Expert Talk on "Impact of Artificial Intelligence technology in our life"

Date: 07 June 2021.

Time: 01:00 PM

Session Expert

Mr. Mudit Thakkar , President, Answer Foundation
Founder & CEO of Edo Square, Indore

REPORT OF EVENT POSTOMANINA 11-06-2021

With the blessings of SKITM, having constant encouragements of our respected Management and Director, a event POSTOMANIA is conducted in order to enhance skills of the students, the department of Computer Science & Engineering, Department is hosting on the following schedule:

Director
Shivajirao Kadam Institute of Technology &
Management - Technical Campus, INDORE

Shivajirao Kadam Institute of
Technology & Management, Indore, M.P.

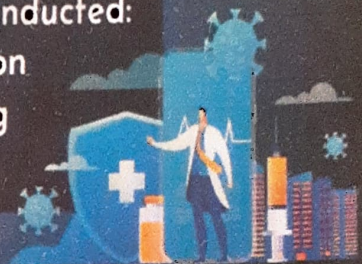

Invitation

We are glad to inform you that Computer Science &
Engineering department has organized an Event

POSTOMANIA

The following events are conducted:

1. Animated Video Creation
2. Digital Poster Designing
3. Scripture Writing

Theme of the Event :-

"COVID-19 SAFETY MEASURE AWARENESS"

Event Date :- 11th June 2021

Event Time :- 12:00 PM

Mode :- MS Team (Online)

Your Presence will make us a way smile wider & bigger. Please
join us for celebration and making the event successful.

Thank You

Team

Theme of Event

Considering COVID-19 pandemic on rise and to bring awareness on adoption of safety measures among the student community and in their community, the fight against COVID-19 is far from over. As the humankind experiencing a severe second wave of COVID-19 pandemic, the need of the hour is to adopt the basic protective measures. In view of this, SKITM is hosting a COVID-19 awareness poster design competition, in which participants must create a animated video with a strong slogan with concept embedded and emphasizing the importance of safety measures in preventing the spread of COVID-19.

Registration Date: 01-JUNE-2021 to 09- JUNE- 2021

Guidelines

1. Student need to register for the event in which he/ she willing to participate before 05-JUNE-2021.
2. Student need to submit his/her (Poster or Video or Scripture) before or till 09-JUNE-2021.
3. Selected Students name will be shortlisted and informed by watsapp on 10-JUNE-2021.
4. Finally selected student present their (Poster or Video or Scripture) on 11-JUNE-2021 using TEAM PLATFORM.
5. Final result declared on 13-JUNE-2021.

DEPARTMENT OF CIVIL ENGINEERING

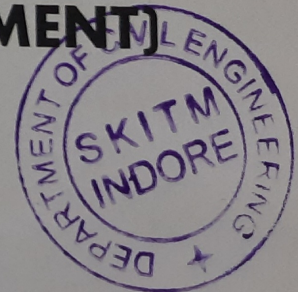

WELCOMES YOU ALL FOR THE PRESENTATION ABOUT CEMENT
INDUSTRIES AND ASSOCIATED ENGINEERING ACTIVITIES

BY PROF P.K.JAIN
EX VICE PRESIDENT (WONDER CEMENT)

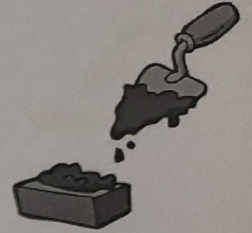

Director

Shivajirao Kadam Institute of Technology &
Management - Technical Campus, INDORE

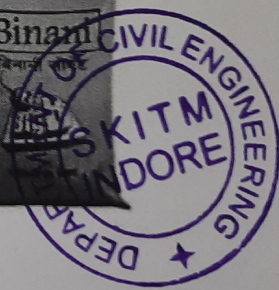

CEMENT

Brief introduction of cement

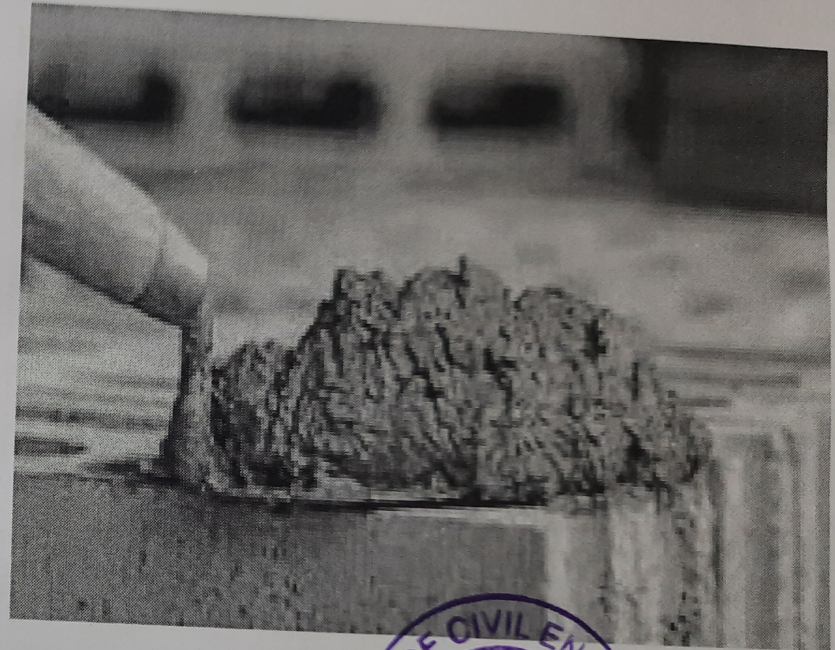

Director
Shivajirao Kadam Institute of Technology
Management - Technical Campus, INDORE

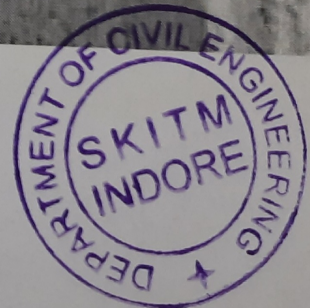

WHAT IS CEMENT AND WHY CEMENT ?

- It is a material in powder form having binding properties by chemical processes known as setting. What cement we see in normal use is hydraulic cement and chemical reaction starts when water is mixed.
- It is normally used in preparation of mortars i.e. when it is mixed with sand and in preparing concrete where apart from sand, aggregate is also used along with cement to form the mixture. When water is mixed to these setting process starts.

Director

Shivajirao Kadam Institute of Technology &
Management - Technical Campus, INDORE

WHY CEMENT ?

○ Another question is why only cement is used and why not any other material and simple answer is that it is cheapest material with the properties required.

Director

Shivajirao Kadam Institute of Technology &
Management - Technical Campus, INDORE

TYPE OF CEMENTS

- We are discussing cement for normal use, however there are other type if cement is required for special purposes like non-hydraulic cements, white cement, oil well cement, sulphate resisting cement etc.
- What we are about to discuss comes under the category of Portland grey cement. Grey is because of colour and Portland is used as after setting it resembles with rocks found is Portland in UK.

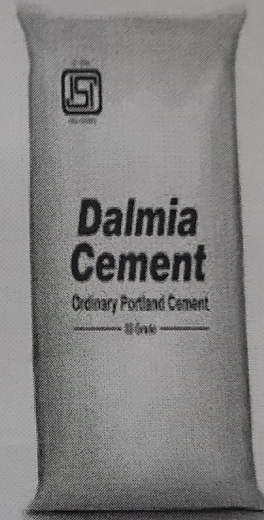

Director
Shivajirao Kadam Institute of Technology &
Management - Technical Campus, INDORE

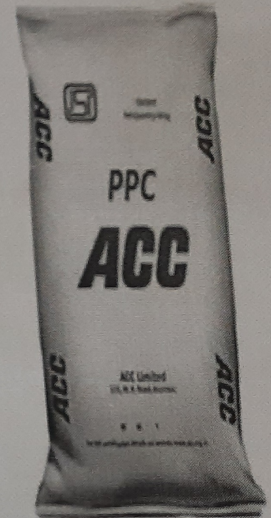

TYPE OF CEMENTS

○ Again this is of two types namely OPC (Ordinary Portland cement) & PPC i.e. Portland Pozzolana cement. Both of these attain practically same strength but OPC gains the strength faster whereas PPC is bit slow.

OPC
VS
PPC

Director
Shivajirao Kadam Institute of Technology &
Management - Technical Campus, INDORE

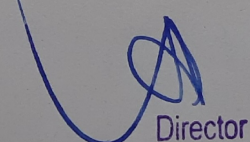

HOW AND WHERE CEMENT IS MANUFACTURED ?

As discussed earlier it is a cheap material as such commercially location for manufacturing required is near to availability of raw materials and also place of use i.e. market.

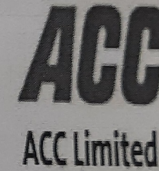

As major quantity of material required is lime stone of suitable grade which is through mining as such limestone mine is practically integral part of plant.

Apart from this limestone should of suitable grade otherwise some ingredients need to be added. Also being highly energy intensive industry, coal or other fuels and electrical power is required.

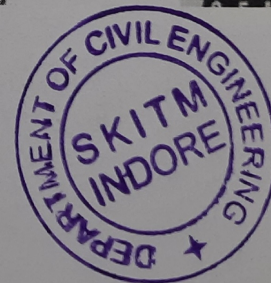

Director

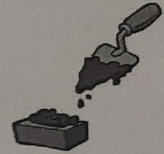

Shivajirao Kadam Institute of Technology & Management - Technical Campus, INDORE

Ambuja Cement

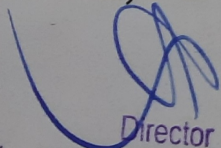

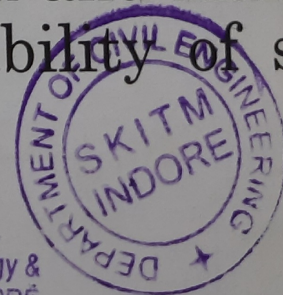

HOW AND WHERE CEMENT IS MANUFACTURED ?

As volumes are large as such robust transportation infrastructure is an important requirement. Because of pollution requirement it has to be preferably away from residential areas.

Being capital intensive in nature lot of capital need to be arranged. There are many more requirements like life of mine, availability of land and many more like infrastructure for staff, availability of suitable manpower

Director
Shivajirao Kadam Institute of Technology &
Management - Technical Campus, INDORE

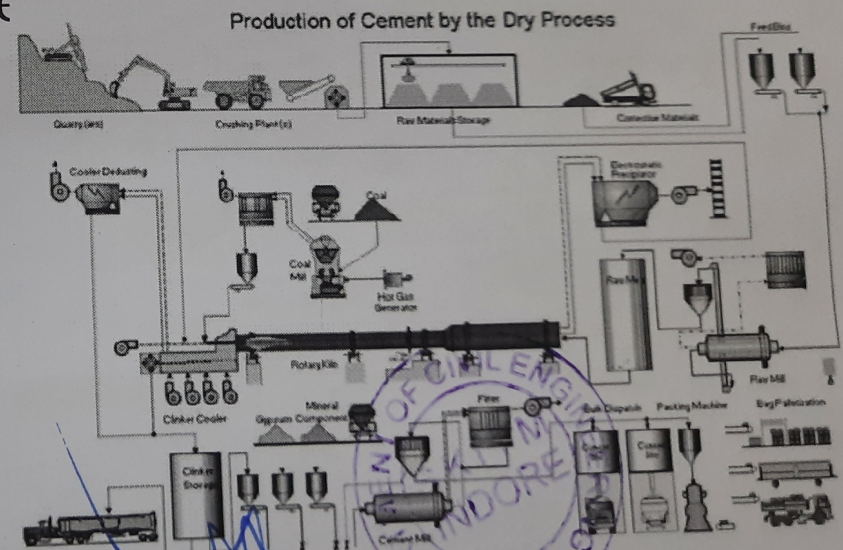

BUT HOW IT IS MANUFACTURED

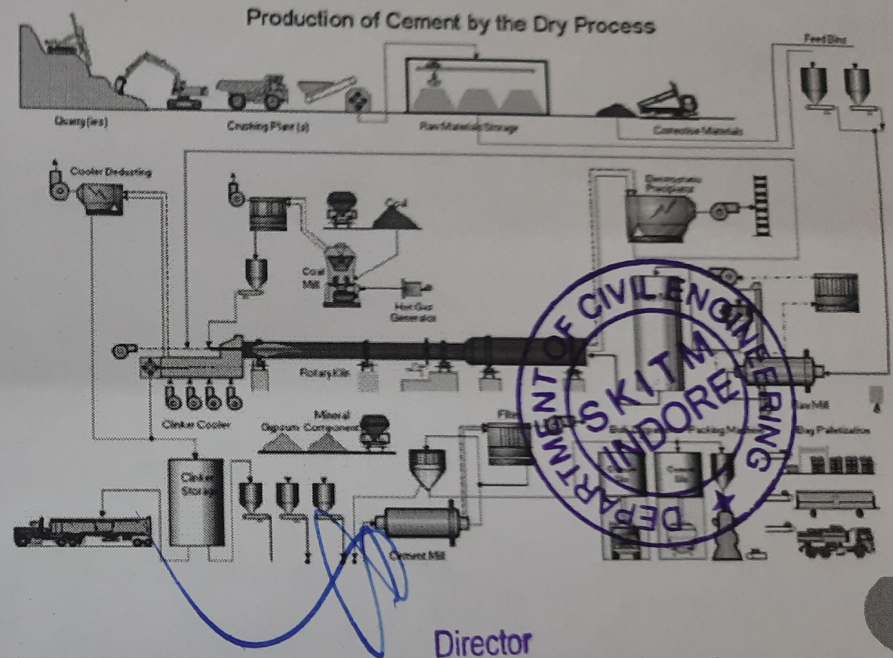

○ Well let us assume all the requirements are either taken care or alternate arrangements are made and plant is setup. Now let us discuss how the manufacturing take place

- Major operations are-
- Mining
- Crushing
- Homogenization
- Additive handling
- Raw meal grinding

BUT HOW IT IS MANUFACTURED

- Blending and kiln feed.
- Fuel handling
- Pyro processing
- Clinker Cooler & storage
- Grinding
- Cement storage
- Packing and dispatch.

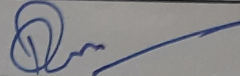

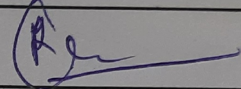

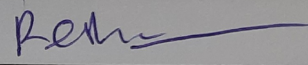

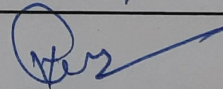

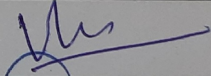

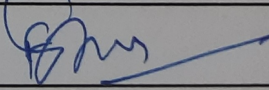

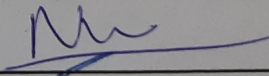

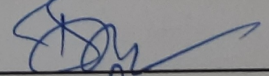

Director
Shivajirao Kadam Institute of Technology &
Management - Technical Campus, INDORE
